Regional Superintendent,
Northwest Lands & Forest Services,
Department of Indian & Northern Affairs,
P.O. Box 7,
FORT SMITH, N.W.T.

Our: 2950-10.28

Gentlemen:

Northern Engineering Services Company Limited engineers for Canadian Arctic Gas Company Limited proposes to carry out a helicopter supported Pilot Pipeline route location survey in the area shown on the enclosed map lying north of Fort Good Hope, N.W.T. commencing on or about June 1, 1975.

Accordingly, ~~Northern Engineering Services Company Limited~~ herein makes application for a land use permit and in support of this application we enclose the following:

- 1) Application form in duplicate
- 2) Project description in duplicate
- 3) 10 sets of maps showing the work area coloured in red
- 4) our cheque in the amount of ten dollars (\$10.00) covering the application fee

We believe this application to be complete, however, if you require any additional information please telephone the undersigned below collect at (403) 265-8500.

Thank you.

Yours very truly,

D.M. Fox,
Manager,
Land Section,
Northern Engineering Services Co. Ltd.
